

SONI MAULYA M

maulyasoni.it@gmail.com | 6351246380 | LinkedIn | GitHub | Portfolio

Professional Summary

Information Technology undergraduate specializing in AIML , with a strong foundation in the complete ML pipeline from data preprocessing to model evaluation. Passionate about building intelligent, modern systems with specialized hands-on experience on RAG applications and multi-agent orchestration in Agentic AI.

Education

Bachelor of Technology in Information Technology Aug 2023 - Present
Devang Patel Institute of Advanced Technology and Research, Gujarat, India CGPA: **8.14 / 10**

Higher Secondary Education June 2021 - March 2023
Knowledge High School, Nadiad, Gujarat Percentile: **79.36 PR**

Technical Skills

Programming: Python, C++, SQL

ML / DL: Scikit-learn, Random Forest, Logistic Regression, CNNs , RNNs , NLP

Data & Analysis: Pandas, NumPy, Matplotlib, Seaborn, Feature Engineering, Data Preprocessing

AI: Generative AI, RAG, Agentic AI, Multi-Agent Orchestration, LLMs

Tools:Git, GitHub, Jupyter Notebook, Google Colab

Soft Skills: Analytical Thinking, Problem Solving

Projects

Phishing Email Detection System GitHub

- Designed a phishing email classifier using Random Forest and Logistic Regression, applying the complete supervised ML pipeline end-to-end, achieving **96.5% accuracy** and **96% precision**.
- Performed data preprocessing, text-based feature extraction, and comparative model evaluation; documented accuracy, precision, recall, and F1-score across models.
- Gained practical exposure to cybersecurity threat modeling and AI-based risk mitigation techniques.

LinkedIn AI Auto-Publishing System GitHub

- Engineered an LLM-powered automation platform integrating LinkedIn REST APIs with multi-agent orchestration, reducing manual content effort by **80%** and increasing engagement by **40%**.
- Built structured generation pipelines with robust error handling and secure user-confirmation gates.

Experience

Web Development Intern | CODSOFT (Remote) May 2025 - June 2025

- Developed 4+ responsive web applications achieving 95+ Google Lighthouse scores; collaborated via Git in an agile team, improving simulated user engagement by 30%.

Achievements and Certifications

- NPTEL Silver Elite Certificate: Cloud Computing | IIT Kharagpur (Score: 75%, Top Performers)
- IBM Machine Learning Professional Certificate, Coursera (6-Course Specialization)
- AWS Academy Graduate: Cloud Developing Trainee, Amazon Web Services
- 2X Hackathon Finalist : DECODE-X 2026 & Odoo x Gujarat Vidyapith Hackathon 2026
